

Remarks

The Examiner alleges that Applicants' reply filed May 9, 2006 was not fully responsive because Applicants did not make a species election. Applicants respectfully traverse.

Applicants elected the compound of formula II for a species election in the communication filed May 9, 2006. See page 10. A compound of formula II is supported on page 7 of Applicants' specification as originally filed and pending claim 19.

For the Examiner's convenience, Applicants provide the compound of formula II below.

In view of the remarks and amendments, further and favorable consideration of the present application and the allowance of all pending claims are respectfully requested. The Examiner is also invited to contact the undersigned should the Examiner believe that such contact would expedite prosecution of the present application.

Respectfully submitted,
